Merry Christmas!

January 2007

Will, Stephanie, Dave, Megan, and Tyler

Blessed holidays from our family to yours!

All throughout this year, we have learned so much . . . how to avoid riding with student drivers, how to feed two growing boys who are picky eaters and one who will eat anything (and everything), and how to keep up with four teenagers despite the aches and pains that assail the AARP set. We are deeply grateful for the things that are truly important . . . our family, togetherness, kindness, love and letting our light shine.

Family Highlights

- Will volunteered at Genesys Hospital during the summer
- John and Stephanie played their trumpets in the Christmas Muscile at First Baptist of Lapeer again this year
- Debi was elected to UM-Flint's Staff Council and serves as Secretary
- Tyler was the first—and so far only one—of our teenagers to get the driver's license
- Dave is playing on an intramural basketball team for the third season
- In October, Megan, Stephanie, and Debi took the train to Chicago to see Phantom of the Opera
